Dethronement of Elizabeth II and termination of British monarchy.

Due to disregard of my requests of 28.09.2018, 15.12.2018, 18.12.2018 and 11.02.2019 caused by irresponsibility, legal incompetence and mental incapacity of inquired persons, I dethrone Elizabeth II, as from now the former Queen of the Great Britain and the United Kingdom, and declare her authority or directives lapse with immediate effect. Consequentially, the British monarchy is ceased and I seize its property; these seizure and cessation of royalty are valid immediately and irrevocable.
