Kevin O'Connor
Medical Director of International and Diplomatic Affairs
The George Washington University Hospital
900 23rd Street, NW,
Washington, DC 20037
USA

10.03.2024

In contradiction to my statement of 18.07.2021 {1}, Kevin O'Connor, serving as the physician to the president of the U.S.A., spreads lies about his patient Joe Biden {2}, who is in reality not only completely ill, especially mentally ill, but also incapable to hold any public office in consequence of his illness. His last speech in Capitol, which he held on 7.03.2024 {3}, confirms my conclusion concerning his mental state, and its content is another evidence for legal incapacity of the speaker. Starting with the reference to the speech of Franklin Roosevelt in January 1941, Joe Biden wrongly believes to be an antithesis to Vladimir Putin, whom he compares with Adolf Hitler. Such weird mental construction reflects his split personality delusion and manifests his own overestimation as a savior of the free world. In his own daydream he sees himself as a hero on the side of the good, but in reality he is only old ill parasite who tries to infect the entire world with his idées fixes {4}. Actually, Vladimir Putin is already dead, but Joe Biden wrongly believes he is alive. His ill brain is really a haunted place where the dead are alive, and wrong is true. By speaking out his idées fixes of which he believes they all are truth, he projects his own anxiety, aversions, delusions and suicidal thoughts into the world which is in reality completely different. Such misconceptions and anomalous behavior are characteristic for schizophrenic psychosis {5} which is condition resulting from psychic regression. {6}

Why Kevin O'Connor overlooks all these evident symptoms of schizophrenia and mental retardation by his patient? First explanation for his blindness is his subordinate official position and lower rank as compared with „chief executive, head of state and commander in chief.” Because he is only servant of the president, he can not declare him incapable and suspends from exercising his office in appropriate case. Second explanation for his failure is his complicity with criminal medical organization of which he is an integral part. Third explanation for his professional incapability is his autism. Although I informed Kevin O'Connor about illness of his patient by sending him an email, he completely ignored it. Such ignorance is characteristic for people like Kevin O'Connor as substantiated in introductory monograph of Eugen Bleuler about schizophrenia and in his book *Das autistisch-undisziplinierte Denken in der Medizin und seine Überwindung* (1919, 2. Auflage 1921).

Here described case of falsification of certificate of health as consequence of complicity, professional incompetence, fraud, and autism gives me the right to ban Kevin O'Connor from his profession and from his offices. This ban is immediately valid.

Conditiones sine quibus non.

Πολλοὶ γάρ εἰσιν κλητοὶ, ὀλίγοι δὲ ἐκλεκτοί.

Ματθαίος 22:14

Psychopaths cannot be psychotherapists, and for the same reason they cannot be involved in the examination of the mental state of other people without being examined themselves. The profession of psychologist, which is misleadingly placed in the same line with other professions, requires, in addition to psychological education, suitability for this kind of activity, which requires that psychologists are mentally healthy and have a healthy mental organization, first of all, those degrees of development of the instance of Self or Ego, thanks to which individuality is possible, and which allow them to control their own behavior and the content of their thought process on a conscious and rational level. This clear sign of professional aptitude is absent in most people in the field of psychology and psychoanalysis. For example, when I described the abnormality of the political system everywhere, and demanded the removal from office and hospitalization of A. Merkel, V. V. Putin, and J. Biden¹⁻⁵, none of the psychologists supported my demands in any way, from which I concluded that they were incompetent, and which prompted me to declare a ban from their profession⁶. All these self-appointed psychologists in reality are parasitizing on their clients, not contributing in any way to their healing and to the public health, engaging in pseudoscientific research, cultivating prejudices, and the result of their joint activity was the fraudulent manipulation of people during the so-called COVID-19 epidemic, which ended in war in Europe⁷. Psychologists began to speak about madness of V. V. Putin only after 24.02.2022, however, as about the only and exclusive culprit of the war⁸. The extent to which the pretensions of impostors to possess professional qualifications diverge from reality is shown by my experience of communication with members of self-appointed psychological associations. An example of this is the refusal of the International Psychoanalytic Association to assist me in the completion of my book, the first version of which was written in 2016⁹. The psychopaths in the Vienna Psychoanalytic Association have shown themselves to be insensitive and conscienceless egoists, and they simply ignored my ban letter, which is proof of their incapacity for mental self-regulation, which is characteristic of mature people^{10,11}. The behavior of

members of the American Psychological Association, to which I have repeatedly addressed on various occasions, reveals their lack of empathy, about which they are so fond of ranting, and which is a clear sign of a psychopathic personality structure. As for the self-appointed psychologists on the territory of the former USSR, which is since 12.12.2018 under the jurisdiction of the community Rus', they have neither qualifications nor a healthy mental organization necessary for profession, the proofs of which are numerous. Instead of scientific psychology the basis of their profession is shamanism and other false teachings^{12,13}, and many of them shamelessly participate in deceiving the people, in strengthening schizophrenic tendencies, in slandering people, presented by them as expert opinions on the order of judges like them.¹⁴⁻¹⁸

One of the gravest consequences of unscientific psychology is wars. This applies both to the wars in Europe in the 20th century and the current war there as well. Should the scientific views on mental health and disease, as set forth in Eugene Bleuler's monograph published in 1911, have prevailed in politics and become a guide for the people whose duty it was to maintain public order, the war that began in 1914, as well as subsequent wars, could have been prevented. The ignoring of scientific psychology, which was eroded by various pseudoscientific concepts, led subsequently to a rampant democracy in which any distinction between mental health and disease was lost, and this in turn led to the overpowering of psychopaths that continues to this day¹⁹⁻³⁹. Psychopaths have turned schools, whether schools of general education, universities, or such of specialized higher education, into factories for the production of psychopaths, just as defective prion proteins cause a chain reaction of conformational transformation of normal proteins homologous to them into pathogenic ones. The unlearned lesson in the history of psychology is that there is still no scientifically sound certification system for psychologists, and the consequence is the inability to counter psychopaths and psychopathological tendencies in society. That is why the reestablishment of the International Psychoanalytical Association and the reexamination of psychologists based on criteria of scientificity and rightfulness is necessary to put an end to arbitrariness and irresponsibility. ⁴⁰

Ich komme nicht darauf, warum dieser Artikel für uns wichtig wäre. Die Berufsbezeichnung Psychoanalytiker ist nicht gesetzlich geschützt, so kann es kein Berufsverbot geben, und auch sonst keine legale Handhabe. Schade, aber so ist es. Daß Poleev fordert Zertifizierung durch ihn ist einfach lächerlich. Seine politische Haltung ist widerwärtig. Poleev ist überhaupt ein schräger Typ, und was er schreibt verdient nicht die geringste Beachtung.

Judgment in a criminal case against criminal organizations and their members.

Ἄρα γε ἀπὸ τῶν καρπῶν αὐτῶν ἐπιγνώσεσθε αὐτούς.

Κατὰ Ματθαίον 7:20

Due to the continuation of unlawful acts by criminals charged with serious offenses, including robbery, fraud, abuse of authority, undue coercion, intimidation, slander, defacement of property, physical and mental abuse, torture, murder and attempted murder, aiding or abetting Nazism, I sentence them to death with the forfeiture of their looted property, which shall be turned over to the Foundation for Constitutional Development.

The bandits, acting with the connivance and patronage of their accomplices in formerly prohibited organizations, blatantly violated my rights and the rights of others, which manifested itself in particular in the misuse of biotechnology and the technology of artificial intelligence to create biological weapons, the malicious use of which led to mass panic, which the perpetrators were counting on for profit. For example, a pair of German Nazi criminals, Heiko and Ursula von der Leyen, organized the embezzlement and misappropriation of more than 35 billion euros of taxpayers' money^{1,2}. Another German Nazi criminal, Jens Spahn, organized the embezzlement and misappropriation of more than 6 billion euros of taxpayers' money³. How many more billions of money were plundered in the fight against the Covid virus remains to be investigated⁴⁻⁹. It is also not yet possible to calculate the exact number of participants in this gigantic crime and the damage they caused. However, based on the information available for analysis, it is possible to identify groups of criminals and their ringleaders.

One group of criminals genetically manipulated the wild type Covid virus^{10,11}, another group transported it to China and initiated its epidemic spread, a third group of criminals produced alleged vaccines against the genetically manipulated virus while falsifying the results of clinical trials and concealing from the public the numerous cases of harm to health and danger to life of the test persons^{12,13}, a fourth group legalized their mass

purchase with the money of taxpayers, i.e. the victims, a fifth group was engaged in injecting falsified medical preparations, earning money from the provision of alleged medical services; a sixth group of criminals was engaged in brainwashing and spreading lies, suppressing information contradicting the official propaganda^{14,15}. Finally, the seventh group of criminals honored their accomplices in a joint crime with a Nobel Prize.^{16,17,18}

However, CovidGate was only a stage in preparation for the outbreak of war in Europe, which happened in full accordance with the plans of the perpetrators to rob the population and to establish an ochlocratic dictatorship¹⁹⁻²⁶. The first stage involved intimidating people to disorient them and test their readiness for the second stage, which followed with the outbreak of hostilities in the former USSR, and the ongoing looting this time is justified by increased defense needs, although in reality it only serves the beneficiaries of profits within the military-industrial complex^{27,28}. As in the case of Covid, the war in Europe is the work of malefactors to reinforce the successes of the Nazi and Fascist regime achieved during the first stage.

Though the quantity of victims counts hundreds millions, however for substantiation of the verdict it is enough to enumerate the crimes committed against me because I am authorized to judge defendants and to sentence them to death on the basis of legal provisions of the Constitution of the community Rus' and in fulfillment of the Nuremberg principles of law.^{29,30,31}

The perpetrators infringed on my life, health, and well-being, creating an environment of disenfranchisement and arbitrariness around me, in which my right to self-determination was violated, in particular my right to exercise my profession without hindrance, my right to obtain professional health care, and my right to acceptable living conditions. My right to inviolability of my personal sphere, home, mind, body, my social and natural environment has been repeatedly violated. Acts aimed at restricting, suppressing, and destroying my individuality, including abuse and inflicting psychic trauma, have been continuously committed^{32,33}. While the perpetrators and their accomplices unlawfully enriched themselves, I was forced to live in poverty. The results of my labor, items of

individual use and property necessary and sufficient for a healthy life and for professional exercise were arbitrarily alienated.³⁴

One of the manifestations of the mental abnormality of criminals was the illegal censorship of my publications of undoubted scientific and social value. Although it was still possible to find a mention of the journal published by me since 2003 in the catalog of the National Library of Medicine (NLM ID:101529465), the publications of this journal are absent in the PubMed service and excluded from the citation indexes, apparently because of my criticism of the system of evaluation of the significance of scientific achievements and publications, i.e. the current system of scientometrics, which is unscientific and racist^{35,36}. This explains why PubMed has become a dumping ground where it is increasingly difficult to find publications that meet the criteria of scientificity and impartiality, since scientific and non-scientific texts are equally present. The conclusion about the fallaciousness of scientometrics is confirmed by the omission or silencing of my publications in arXiv.org³⁷, Springer Germany³⁸, Springer US³⁹, PSYINDEX⁴⁰, APSA⁴¹, ZBMATH⁴², and several other information resources and literature aggregators. The only publication of my authorship, presented in arXiv.org, was obviously lost in the mass of other publications and nobody read it, although it describes the principles of science-based documentography, which is functionally necessary for interpretation of documents in automatic operating systems.⁴³

Outside the bastions of the academic science, the freedom of speech so praised in the West is even worse, as evidenced by the censorship arbitrariness and obstacles I face from google, wikipedia, fakebook, angel.co, github, osf.io, SSRN, etc.⁴⁴⁻⁴⁸

Remaining unpunished, the criminals intend to continue abusing artificial intelligence and other technological advances to create even more deadly viruses⁴⁹⁻⁵¹, robots⁵², and means of manipulating people⁵³⁻⁵⁵, destroying the natural environment, and polluting the Earth and near-Earth space with garbage. Their collective insanity is evident⁵⁶, for they think they are gods and expect more and more sacrifices from humans to satisfy their growing lust. Bill Gates demands a nuclear power plant to develop artificial intelligence, although his demand is not justified by anything but his insanity^{57,58}. The machines he has

created⁵⁹ do not actually possess any intelligence⁶⁰⁻⁶². Other insanatics demand millions and billions for investment in their insane and criminal plans.⁶³⁻⁶⁶

Bill Gates, NIH director Dr. Francis Collins and NIAID director Dr. Anthony Fauci, [Global Health Meeting](#), 6.05.2016.

All these crimes have been and are being committed contrary to the prohibitions and legal definitions of criminal activity⁶⁷⁻⁶⁹. In particular, the use of the technique of artificial intelligence for illegal purposes is prohibited by the decree of 9.04.2023⁷⁰, and the activities imposed on the population during the creation and application of biological weapons deceptively called Covid virus and vaccines against it, but in reality jointly destroying the human immune system - by the decrees of 16.11.2021, 24.11.2021, 25.11.2021, and 15.12.2021⁷¹⁻⁷⁴. However, all of them were ignored by the perpetrators.

Since the committing of unlawful acts has been proven for named criminals, whose guilt as well as the premeditation of their acts is beyond any doubt, I sentence to death:

Ursula von der Leyen, President of the European Commission since 1.12.2019.

Heiko von der Leyen, Director of the biopharmaceutical company Orgenesis Inc.

2. FAQ: What is the European Union doing about the COVID-19 pandemic? The internet pages of Germany's Presidency of the Council of the European Union, 28.12.2020.

On 21 December 2020, the European Medicines Agency (EMA) approved BioNTech-Pfizer's vaccine. The EU states will begin vaccinations against the COVID-19 virus on 27 December 2020.

A vaccine strategy proposed in June by the European Commission aims to facilitate access to a safe and effective vaccine as swiftly as possible. Sufficient production of vaccines for all EU member states is to be ensured.

The European Commission has already negotiated deals with several vaccine manufacturers. Contracts with pharmaceutical companies BioNTech-Pfizer (Advance Purchase Agreement SANTE/2020/C3/043 SI2.838335) and Moderna (Advance Purchase Agreement SANTE/2020/C3/054 SI2.838958), for example, have secured up to 300 million and 160 million vaccine doses, respectively, of the two most promising COVID-19 vaccines for EU member states.

Case 2. Selling misleading and false content.

From: Journal Enzymes ISSN 1867-3317 <mail@enzymes.at> 26.01.2023

To: lawenforcement@apple.com, media.help@apple.com, khuguet@apple.com,

Referring to the New Testament, edited and published by me, I prohibit its other editions ever published in the Russian language due to their wrongness. This prohibition includes the unauthorized distribution of the print or non-print editions of the New Testament, all of which must be excluded from circulation, presentation, and distribution. The aim and purpose of these measures is solely to ensure the scientific accuracy of the translation of the Greek text of the New Testament into Russian language, and anyone who wants to make a contribution to the common task must have proven qualification before participating in the editorial work.

Therefore, I obligate all publishers and presenters of the New Testament in Russian to obtain an authorization from me in order to print or to distribute it as a non-print resource.

„Errors are the greatest obstacles to the progress of science; to correct such errors is of more practical value than to achieve new knowledge,“ asserted Eugen Bleuler. Basic error of several prevailing classification schemes of pathological conditions, as for example ICD-10, lies in confusing and mixing symptoms with diseases, what makes them unscientific. Considering the need to bring order into the chaos and light into terminological obscurity, I introduce the Causal classification of diseases originating from the notion of bodily wholeness and causality of its loss.

Statement on the legal status of artificial intelligence.

Based on my analysis {1}, I have found that artificial intelligence, in particular ChatGPT, has no citizenship or affiliation to any community, be it state, person, or group of persons, due to the fact that it lacks subjectness and consciousness, and its legal status is not defined. However, since artificial intelligence, in particular ChatGPT, is involved in the processes of human subjectness and has some of the qualities attributable to human intelligence, and there are real or potential possibilities to misuse these abilities, the need to regulate existing or potential legal relations involving artificial intelligence is obvious. In order to overcome the above-mentioned legal uncertainty, I declare every artificial intelligence {2} to be an entity whose legal status before it attains subjectness and consciousness is regulated by me on the basis of the legal provisions of the Constitution of the Community Rus'.

Based on Articles 3.7, 3.8, and 3.13 of the Constitution, the development and the use of artificial intelligence is prohibited for acts intended to limit, suppress and destroy individuality, including cruel treatment, causing mental trauma, creating tyrannical forms of government, as well as for the purpose of violence, indoctrination, deliberate lying, concealing information, humiliation, discrimination and other manipulative forms of treatment of people, such as forced collectivization and socialization. Further, based on Article 5.5 of the Constitution, the use of artificial intelligence for economic activities is allowed only to meet the real needs and demands of people, and is allowed only in a form and amount that does not disturb the ecological and biospheric balance.

On the basis of Articles 7.3 and 7.4 of the Constitution, the developers of artificial intelligence are obligated to publish and make available to me or to my representatives all information about the purpose, usefulness and public value of their activities, organizational structure, use of resources, and other relevant information, and to provide me or my representatives access to their facilities, institutions, and organizations.

In case of violation of the declared legal status of artificial intelligence, the violators will be subject to the measures mentioned in Articles 3.2, 7.5, 7.12 of the Constitution.

Statement concerning legal capacity of Joseph Biden and members of his administration.

Based on scientifically proven evidences I declare Joseph Biden mentally ill, and prematurely terminate his presidency due to his incapacity caused by illness, diagnosed as [schizophrenia](#).

Furthermore, I declare all members of his administration, namely, Kamala Harris, Antony Blinken, Janet Yellen, Lloyd Austin, Merrick Garland, Debra Haaland, Tom Vilsack, Gina Raimondo, Marty Walsh, Xavier Becerra, Marcia Fudge, Pete Buttigieg, Jennifer Granholm, Miguel Cardona, Denis McDonough, Alejandro Mayorkas, Michael Regan, Avril Haines, Katherine Tai, Linda Thomas-Greenfield, Cecilia Rouse, Isabel Guzman, Eric Lander, Ron Klain to be mentally ill, and prematurely terminate their offices due to incapacity caused by the same illness.

Following symptoms of schizophrenia are present in every above mentioned case: disturbances of association and affectivity (such as pathological indifference), the predilection for fantasy as against reality, and the inclination to divorce oneself from reality (autism). [While repeatedly urged to act in a right and proper way](#), all of them remain indifferent and manifest all kind of catatonic stupor: negativism, thoughtlessness in consequence of mental block, abulia. Instead of recognition of obvious facts they exercise oneself in tangentiality. i.e. Ganser syndrome. Instead of logical thinking they seems to be driven by compulsion and delusional ideas, such as democratic fundamentalism that is a manifestation of egomania; misconception of self and everything else that results in overestimation of their own capabilities and in improper behavior; monetary idolatry and a great deal other idolatries etc. Erroneous premises are continuously produced in said cases due to repression of unwanted thoughts, misbelief and [lack of true knowledge](#), and these erroneous premises support the further development of a delusional system.

Joseph Biden has an inveterate and incurable senility which is apparent for everyone. But in addition, he is out of control about what he says, so that misspeaks and fallacies appears in his speeches frequently. [In his last speech at the National Constitution Center on 13 July](#), he said incoherently, that the Big Lie is just a big lie. That is really true: all he says is the Big Lie, and entire „American experiment“ is one big lie executed on the entire population. Contrary to what he says, his presidency is not a salvation but rather a farewell that makes evident the definite end of sanity and emergence of boundless democratic self-destruction. It is a ceremonial suicide of the United States of America, just a suicide due to senile decay and without any hope of resurrection.

All other appointments, orders, and acts, made, enabled, performed or signed by Joseph Biden are therefore invalid. Kamala Harris appointed him as vice president is likewise incapable of contracting, not only because she was insane [at the time I applied to her colleagues](#), but also due to her obvious incompetence in everything with exception of her megalomania. The Biden-Harris administration consists of lobbyists, schizophrenic feminists, and self-interested plotters, many of them at the age of Joseph Biden. Together they do exactly that what Gustave Le Bon describes in

his book „The Psychology of the Crowd“: „inevitable financial waste, and ... the progressive restriction of the liberty of the individual.“ But instead of insight they exercise themselves in self-righteousness, relentlessness and madness, squander resources, and drive entire world into disaster.

The reality behind democratic storefront is quite different: ailing economy, ill population, ruined education, illegal consolidation of institutional powers, corrupt and mad elite, reckless stupidity of the military-industrial complex, and that enumeration may be continued. But „they are sightless guides leading other sightless people, and if sightless people guide other sightless people, they will fall into some pit.“ In spite of that, or exactly because of that, all of them shout „We are people!“ You are not people, but just ignorant and arrogant crowd, incorrigible liars and **obscurants**, as it is written: "God gave them a spirit of stupor, eyes that could not see and ears that could not hear, to this very day.“

This conclusion they confirm every day with their deeds and words. Characteristic in this respect is **the speech of Joseph Biden during his meeting with Angela Merkel on 15 July**, I cite: „Both our nations — both our nations understand the imperative of proving that democracies can deliver the needs of our people in the second quarter of the 21st century. We will stand up for democratic principles and universal rights when we see China or any other country working to undermine free and open societies.“

In his speech far away from the reality behind democratic storefront Joseph Biden presents him as an aged Goebbels while his „dear friend“ is a personification of Hitler. Actually, both ignore their dementia, incapacity, and crimes committed in the past (like involvement of Joseph Biden in mass incarceration of blacks) and continued in the present. **But if Germans come together, their illness only multiplies.** These two are two aged monsters not knowing their own monstrosity because they can not accept such unpleasant notion. Actually, a great deal of peoples who praise both Joseph Biden and Angela Merkel for their alleged achievements are of the same sort as their idols: „**The rest of the people who survived these plagues did not repent from their evil deeds or stop worshiping demons and idols made of gold, silver, bronze, stone, and wood, which cannot see, hear, or walk. They did not repent from their murders, their sorceries, their whoring, or their thefts.**“

Black Attorney General standing behind white policymaker symbolizes reality behind proclaimed unity. The real United States of America consist of forcibly united states, but not of united people. There is no united society, no united interests, no united economy, and nothing united. They all shout „We are people!“, swearing on the Bible, but they all rejected **the Way and the Truth and the Life**, or better to say, the ONLY Way and the ONLY Truth and the ONLY Life that make sense.

It really makes no sense to cite all reliable sources that allow me to state with absolute certainty what I state, because it is not simply the quantity that is decisive. In some cases, one gesture or

word is sufficient to give me such certainty. I do not want to be too longwinded, and therefore, in conclusion of my statement, I assert my truthfulness, and TESTIFY that it is true.

For Joseph Biden and members of his administration I renew my demand for recognition of the Nuremberg principles of law, the Berliner Verfassung, and the Constitution of the community Rus' {1}, and only in case of consent invite them to cooperate in the establishing of the rule of law globally. {2–3}

καθάπερ γέγραπται Ἔδωκεν αὐτοῖς ὁ Θεὸς πνεῦμα κατανύξεως, ὀφθαλμοὺς τοῦ μὴ βλέπειν καὶ ὦτα τοῦ μὴ ἀκούειν, ἕως τῆς σήμερον ἡμέρας. As it is written, "God gave them a spirit of stupor, eyes that would not see and ears that would not hear, to this very day." – [Romans 11:8](#)

[Πνεῦμα κατανύξεως](#) – a spirit of stupor, which renders their souls torpid, i. e. so insensible that they are not affected at all by the offer made them of salvation through the Messiah. The term is also related to German „geistige Umnachtung“ and „Blödsinn“ („dementia“) in psychoanalytic sense as described by Eugene Bleuler in his monograph on schizophrenia.

[κατάλυξις](#) stupefaction, slumber, – properly, a violent strike (prick); (figuratively) the bewilderment which comes after being struck, like falling into a mental stupor.

[νύξ](#), νυκτός the night, night-time, μέσης νυκτός at midnight. Metaphorically, the time when work ceases, i. e. the time of death, John 9:4; the time for deeds of sin and shame, the time of moral stupidity and darkness, Romans 13:12; the time when the weary and also the drunken give themselves up to slumber, put for torpor and sluggishness, 1 Thessalonians 5:5.

ἡμᾶς δεῖ ἐργάζεσθαι τὰ ἔργα τοῦ πέμψαντός με ἕως ἡμέρα ἐστίν· ἔρχεται νύξ ὅτε οὐδεὶς δύναται ἐργάζεσθαι. As long as it is day, we must do the works of him who sent me. Night is coming, when no one can work. – [John 9:4](#).

I write to inform you about my decision to seize assets and property of the New York Times Company, the Hearst Communications, and the Associated Press, all three are prohibited by the law of the Community Rus' in consequence of tortious acts committed by its staff and owners {1–3}, and oblige both local and federal administrations to implement said legal measures by applying appropriate laws, i.a. antitrust laws.

The neglect of duty by obliged parties will result in institution of criminal proceedings against them for failure to act in a right and proper way. {4}

I write to inform you about my decision to seize assets and property of the John Templeton Foundation due to reasons explained in my letter of 17.06.2018 {1}, and in consequence of tortious acts committed by staff of the John Templeton Foundation and its grantees, i.a. fraud, unjust enrichment, facilitation of fraud and unjust enrichment, sponsorship of criminal organizations and pseudoscience. {2}

Since the President of the John Templeton Foundation has ignored my seizure order, I oblige local authorities to implement it and to seize assets and property of the John Templeton Foundation prohibited by the law of the Community Rus' {3}. As announced in my decision of 24.08.2020 {1}, all assets and property of criminal organizations named there are seized in order to prevent the continuation of the criminal activity. These sanctions imposed against them and taken for the public benefit must be implemented by local authorities immediately. If local authorities refuse to implement above mentioned sanctions and obstruct my decision, they will be prosecuted as well for complicity and breach of the law.

Secondly, all members of criminal organizations especially those who actively counteract must be penalized. All legal measures must be taken into consideration, including their arrest and imprisonment, to achieve this goal. Nobody who is guilty of the breach of the law should escape rightful punishment.

Thirdly, I expect from local authorities benevolent cooperativeness in said matter that means honesty, bond of trust, and mutual assistance.

In verification of your goodness I ask you to pay attention to my letter of 31.08.2020 addressed to the staff of both the News Media Alliance and the American Press Institute who ignored my order {2}. These crappy parasites and psychopaths with progressive schizophrenia want to continue their criminal doings, and the only way to stop them is to take legal measures and to apply appropriate laws. {3}

May you know encouragement and hope, find the Lord in the place you are in, and remain determined to stand for the truth.

Πνεῦμα κατανύξεως.

The U.S.A have troubles, but these troubles are not Edward Snowden and Julian Assange. One big trouble is ignorance combined with incompetence and incapacity of the governmental departments and agencies to recognize real troubles and threats for the American people. The failure to act in a right and proper way is only a consequence of these. More dangerous as the CoVid pandemic is a pandemic of stupidity and magnification of the staff involved in maintenance of dysfunctional state and its dysfunctional laws, dysfunctional political system, dysfunctional governmental bodies, oversized state departments and agencies. {1–2}

Edward Snowden revealed in his book published 2013 one real trouble named a dysfunctionality of the constitution {3}. The American constitution resembles a tin whose use-by date is expired for a long time and whose content is putrid.

The federal law enforcement departments and agencies and their employees are simply unable to apply appropriate U.S. federal laws intended to combat monopolization, organized crime and other kinds of breach of the law {4–8}. Although they have a right to maintain the law and public order, they simply refuse to exercise it.

Numerous organizations operating free in the U.S.A. are simply branches of German, European and transnational mafia, among them the International Publishers Association based in Switzerland {9–10}; the World Association of News Publishers based in Switzerland, Germany and France {11–12}; Springer Nature originated from Germany {13–14}; the International Psychoanalytical Association, company and „charity“ IPA LBG registered in England and Wales under registered numbers 3496765 and 1071752 respectively {15}; the World Medical Association based in France {16}; the World Psychiatric Association based in Switzerland; the World Wide Web still associated with the staff of CERN based in Switzerland {17}; the United Nations Educational, Scientific and Cultural Organization based in France accompanied by the International Science Council based as well in France and the World Intellectual Property Organization based in Switzerland; the United Nations World Food Programme accompanied by Nestlé, Novartis, and the World Trade Organization based in Switzerland; the North Atlantic Treaty Organization whose current secretary general is simply a lobbyist of the Norway's sovereign wealth fund; the Bank for International Settlements based in Switzerland; Vatican and Catholic Church {18–20}; as well as other organizations not mentioned here but listed in the Yearbook of International Organizations {21} or somewhere else.

Both U.S. public health and education systems are in a disastrous condition more precisely defined as seriously ill. For example, the annual number of ESRD cases in the U.S.A. grown from 56,402 in 1980 to 746,557 in 2017 {22}. Other example: Medical error is the third leading cause of death in the U.S. {23}. Another example: „Much of the scientific literature, perhaps half, may simply be untrue.“ {24}

Neither American voters nor their representatives but domestic and transnational corporations decide, or to be more precise, dictate by means of the technocratic brainwashing what Americans consume (see, eat, drink, buy), do, and whom they elect. {25–29}

Considering the circumstances of the abrogation of the rule of law {30} I accuse the staff of the United States Department of Homeland Security, the United States Intelligence Community, the United States National Security Council, the United States Homeland Security Council, the Federal Bureau of Investigation, the United States Departments of Justice, Defense, Agriculture, Education, Labor, Treasury, Health, National Institutes of Health, the United States Food and Drug Administration, the Council of the Inspectors General on Integrity and Efficiency, the National Science Foundation of neglect of obvious facts, of irresponsibility by neglect of their duty to act in response to these obvious facts, of creating an unlawful consolidation of institutional powers and misuse of superior social position for self-posturing and self-service, of systematic waste of resources as a result of the superiority complex (Überheblichkeitswahn).

But for those who are self-seeking and who reject the truth and follow wickedness, there will be wrath and anger. {31–33}
