

Sequestration order.

Due to illegality of German state and its government bodies, representations, corporations and organizations, as well as unlawfulness of its legislation and the agreements, statutes and by-laws with the exception of the constitution of Berlin (Berliner Verfassung), I order worldwide confiscation of German assets and property. The confiscated wealth shall be used to retribute individuals and communities for losses or damages which have resulted from or caused by wrongdoings of said entities and German citizens in their entirety.

Dear Mr. Clavijo !

I write to inform you about sequestration order of 23.02.2019 and expect your cooperation in this international affair. Firstly, would you please inform stakeholders and the community represented by me about German property on the Canary Islands and provide a detailed list of it? Secondly, the execution of said sequestration order in several cases of forced evictions will require arrests and deportations of German citizens, so I ask the local administrations and authorities to deploy police in order to perform and to support such actions effectively. Thirdly, the German assets shall be confiscated to cover expenses of said international cooperation.

Please feel free to contact me if you have questions or suggestions, or should it be required to proceed.

Dear Mr. Wodraska !

I apply for legal assistance in order to arrest and to prosecute the perpetrators named in the International Arrest Warrants issued on 5.03.2019, what is done in accordance with the sequestration order of 23.02.2019 and in compliance with applicable U.S. federal law, as justified previously and referred below.

I am legal possessor of the building in Max Planck Way 1, Jupiter, Florida, and any entrance or usage of my property without my permission is a violation of the law. Therefore, the local administration as well the police are legally obligated to execute directly enforceable law without grace, to remove the perpetrators from said building, and hand me the keys. Any delay or refusal to implement requested measures would constitute a willfull violation of my rights and U.S. federal law, and shall be omitted.

Dear Mr. Powell,

I draw your attention to the facts of willfull violation of my rights and U.S. federal law what happens in Jupiter, also within distinct 30 you are responsible for. Notwithstanding my requests to leave the building in Max Planck Way 1, for which I am legal possessor, and to allow me to dispose freely over my property and to continue there my scientific work, it is still illegally occupied by the perpetrators. The worst thing, however, is the refusal of officials to whom I applied, to fulfil their duties, that means to execute directly enforceable law and to protect my from arbitrariness and lawlessness. That is why I ask you to supervise officials accountable to you or to senat. I this respect, please pay attention to my letters previously sent to Attorney General of Florida, to Palm Beach Distinct court, to Chef of police and to Mayor of Jupiter, and to Governor Ron DeSantis, as referred below.
