

Seizure of property.

Due to continuation of anti-constitutional activity such as unlawful mass surveillance, mobbing, spreading lies, brainwashing of the people and others, I suspend Mark Zuckerberg and other managers of Meta Platforms, Inc. (Meta) from their positions, and seize all assets and property of lawbreakers and Meta. I oblige all employees of Facebook, Instagram, WhatsApp and other services belonging to Meta which now owned by the Foundation for Constitutional Development, and all other people involved in named companies, to follow my orders and give me all requested information quickly.
