Referring to my notarized statement of 12.12.2018 {1}, I am authorized to act on behalf of both the Fund of the Constitutional Development (Фонд Конституционного Строительства) and the community Rus' (Русь) in agreement with the rule of law specified in its Constitution, and therefore I have the right of disposal over all assets and property stolen from Russia and other parts of the former USSR whose legal successor is the community Rus' (Русь). This concerns also the assets and property of other entities mentioned in a list of prohibited organizations. {2}

According to report of the Cayman Compass {3}, the assets of the Russian Federation have been frozen by local authorities of the Cayman Islands. Due to my above mentioned rights and my previous decisions in this respect I require to put said assets and property to my disposal immediately.

The disregard of my request will be qualified as violation of the rule of law, the violators will be declared non compos mentis in sense of paragraph 104 of the German civil code, and they will be subject of sanctions imposed in compliance with the Nuremberg principles of law and provisions of the Constitution of the community Rus' (Русь).
