

## Revocation of sovereignty of the Britain and its overseas territories.

As a result of the contractual incapacity of the members of the family Windsor, confirmed by their ignorant behaviour following my letters of 21.02.2019 and 10.01.2023, I revoke the state sovereignty of Britain and its overseas territories, declare null and void all acts which have hitherto been the legal basis of their sovereignty, and declare them to be under the jurisdiction of the Community Rus', which means that henceforth its Constitution will be the legal basis of any act or omission in Britain and in overseas territories of the former United Kingdom.

I also forbid the titles Royal, Majesty, Excellency, Seigneur, King, Queen, Crone, Prince, Princes, Duke, Duchess, Marquess, Marchioness, Earl, Countess, Viscount, Baron, Baroness, Lord, Knight, and the like, which are inappropriate and morbid when applied to living persons. For the same reasons I forbid the superlatives Kingdom, Royal, Imperial, and the like in actual geographical and institutional designations.

Furthermore, I forbid all organisations founded by or associated with members of the abolished British monarchy, including but not limited to the Royal Society, the Royal Courts of Justice, the Church of England, the Bank of England, the British Medical Association, the British Army and other armed forces. The new owner of all assets and property of the Crown Estate and other organisations mentioned above is the Foundation for Constitutional Development.
